

COVID-19 Exposure Plan

Scenario A

YCS receives a participant who arrives with a temperature of 100.0 degrees or higher

- If the participant does not already have a mask or face covering, provide them with one
- Immediately send participant home with their parent/guardian
- Log the screening results and the action taken
- Immediately notify Mike Caron, YCS Assistant Director

Scenario B

YCS is notified in advance by a participant of a program who developed symptoms or tested positive for COVID-19, but not while at a YCS program.

- When appropriate, immediately notify other participants of YCS program to remain home until further notice
- Immediately notify Mike Caron, YCS Assistant Director
- Provide Mike Caron with a list of all persons who may have been exposed within the last 14 days
- Wait for further instruction, which may include up to a 14-day or more closure
- Program or segment of program may remain closed until next steps are explained

Scenario C

YCS is notified while a program is in session by an absent participant who developed symptoms or tested positive for COVID-19

- Ensure separation of participants in the program to the recommended social distancing (6 ft or more)
- Immediately notify Mike Caron, YCS Assistant Director
- Provide Mike Caron with a list of all persons who may have been exposed within the last 14 days
- Wait for further instruction, which may include up to a 14-day or more closure
- Program may be closed until next steps are explained

Scenario D

YCS program is in session and staff are notified by a participant who is no longer feeling well or may have developed symptoms related COVID-19

- Immediately isolate the individual to a designated quarantine location and provide them with a mask or face covering
- Ensure separation of participants in the program to the recommended social distancing (6 ft or more)
- Immediately notify Mike Caron, YCS Assistant Director
- Provide Mike Caron with a list of all persons who may have been exposed within the last 14 days
- Wait for further instruction, which may include up to a 14-day or more closure
- Program may be closed until next steps are explained
